## DUMPSTER & DISPOSAL

### DISPOSAL OF ITEMS LEFT IN BOOTH

If an Exhibitor leaves behind **any bulk trash** that is not labeled for shipment out or donated through the "Green" program at the end of the show, it will be deemed as trash and the Exhibitor will be charged for the removal of these items (bulk trash is defined as any waste larger than 3' x 3' x 3' that was shipped in with your exhibit and is not shipping out with your exhibit). The charges may include the following:

- Dumpster Fee
- Installation & Dismantle Labor
- Forklift & Rigging Labor
- Equipment if deemed necessary

To remove and/or destroy leftovers in the Exhibitor's booth, it will take a minimum of two (2) men for a minimum of one (1) hour each, plus a dumpster fee. If additional equipment is needed, additional charges will apply.

***Should an Exhibitor not want to incur these charges, please be sure that your booth is completely clean, and all leftovers removed before leaving the show floor. Trash labels are available at the Freeman Service Center.***

### RATES

Please note: Orders placed at show site will be charged the Show Site Price. To order services at show site, please go to the Freeman Service Center.
